

PASTOR'S LESSON TO LIVE BY

A GOD ENCOUNTER DELIVERER OR TYRANT

When Moses left Egypt with the 2 million plus Hebrew slaves, he was commanded by God to lead them to Mount Sinai. There God would make Himself known to the Hebrew nation and promise His presence in the assembly of the faithful. God had heard His children's cry due to their task-masters, and He sent a Deliverer.

Ex 3:9 NKJV (God)

Now therefore, behold, the cry of the children of Israel has come to Me, and I have also seen the oppression with which the Egyptians oppress them.

Throughout scripture the major key to a **God Encounter** came when the cry for help from God's Children was brought to the presence of God. Since Satan's deceit in the Garden of Eden, the tyrannical influence of certain human individuals has taken on the direct personality and leadership from Satan himself. Hitler, Stalin and Mussolini are just 3 of the most prominent. But, during our generation the Tyrannical Thugs have come up through the population as individuals who profess to care about their fellowman *{and possibly at one time their hearts were sincere}*, but as Satan deceived the human heart in the Garden, these treacherous individuals have deceived the minds and hearts of our culture.

It would be easy if we could look to one profession and declare that particular group as the Kings and Queens of Tyranny. But, the fact is, that the evil that we witness today comes from the same perverse mindset as was found in the Garden - *{The human mindset}*. If the lie sounds like it is going to benefit us personally, and the fruit of the lie is going to be pleasing to our senses, then by all means enjoy the lie. So, as we look within our society to those who are considered Professionals, i.e. - Politicians, Business-Leaders, Religious-Leaders, Clergy, Educators, Scientists, General Work-force and any other category of the human race, we see the potential for a Tyrant to evolve.

Perhaps, instead of trying to find someone to blame, we focus on guarding our own heart to ensure that we do not ourselves become the Tyrant we so loudly despise.

It is time for a **God Encounter**. The cry from God's children must once again be heard in the Realm of God. Victory always ensues when the cry is sincere. Will you play the role of Deliverer or Tyrant?
